THE ELEVENTH HOUR

SPOT THIS VEIL! IT'S VERY NEW AND CHIC

Ladies, meet the scarf veil over which many lovers of novelties are reported to be "dotty!" It is three yards long, of black silk, netted, and elaborately embroidered in a design of heavy black chenille dots. This up-to-the-minute lady wears the veil with a close little hat of gray beaver with rolling moleskin brim and gray chenille tassel.

CHRISTMAS CANDIES

If you want to have a little pre-Christmas merriment, plan a little candy making party. Every member of the family can find some task to do in this holiday work. Perhaps you are planning to give candies away for Christmas. Then make quite a lot of them. If you are only planning for your own family remember that Christmas comes but once a year and make a generous supply.

Old Fashioned Molasses Taffy
Boil together one quart of New Orleans molasses and two spoonfuls of white sugar for five minutes. Add two tablespoons of vinegar, a tablespoon of butter. Boil until it cracks when dropped in cold water. Take from the fire and stir in a quarter of a teaspoon of soda and pour out to cool. When cool enough to handle, cut in pieces and pull, pouring a little lemon or vanilla flavoring on the pieces.

Corn Syrup Candy
Put a pint of corn syrup for about a half hour, then add a quarter teaspoon of bicarbonate of soda rubbed smooth. Now cook, stirring carefully to prevent burning, until brittle when tested in cold water. Add two or three tablespoons of lemon juice or other flavoring and when just cool enough to handle pull until it is a golden yellow.

Maple Candies
Scrape maple sugar to measure two cups and add a half cup of boiling water. Cook carefully without stirring much until the sirup reaches the soft ball stage, or till it is 240 degrees on the sugar thermometer. Then add a teaspoon of vanilla extract and take from fire and beat till creamy. Add chopped nut meats and drop on a buttered dish just as it sugars, or drop it on the dish and then press a nut on each drop as it hardens.

Christmas Honey Candies
Boil five tablespoons of strained honey and the same amount of cream in a saucepan for eight minutes, stirring carefully. Take from the fire and cool, adding a pinch of salt and a half teaspoon of vanilla or other extract. Now cut up some marshmallows and lay them on a buttered dish and pour the mixture over them, and when it has become firm cut in squares.

TABLE DECORATIONS

So long have we looked upon the holly, the mistletoe and the evergreen bough as the undisputed decorations for the Christmas tree that it is quite an innovation that we now look upon

ALASKA HAS A RETURN OF FLU EPIDEMIC

JUNEAU, Alaska, Dec. 23.—Mrs. Lester D. Henderson, wife of the Alaska territorial commissioner of education, died here today, a victim of the second Spanish influenza epidemic. Mrs. Henderson was formerly from Lewiston, Idaho. Influenza cases in Juneau and Douglas during the second epidemic number about 250 with seven deaths.

BANDIT CAUGHT IN SALT LAKE

SALT LAKE, Dec. 24.—Tracked to his room in the Plaza hotel after he had succeeded in eluding the posse of officers and citizens organized by the sheriff and the police department, which drew a cordon about him in the swamps in the northwestern part of the city early Sunday morning after he had dangerously wounded Deputy Sheriff W. A. Thomas and exchanged shots with Deputies Arthur Waller and George Vine at the sheriff's station at Beck's Hot Springs, Elva Kirby, known to his friends as "Dan" Kirby, was arrested last night by Sheriff John S. Corless and Deputy William Scheppe as he lay on his bed in his apartments suffering from gunshot wounds received when Deputies Waller and Vine fired two shots at him as he fled from the taxi in which he was attempting to enter the city.

Eugene Lewis, who admitted having left the train with Kirby at North Salt Lake Saturday night with the intention of bringing three suit cases loaded with whiskey into Salt Lake in a taxi cab, and who witnessed the shooting in the waiting room at North Salt Lake, was arrested at midnight as he returned to his rooms at No. 18 Montana apartments. The men were taken to the county jail, where Lewis is held for Davis county authorities, and Kirby was held on a charge of attempted murder.

NEW CAR FOR THE SHERIFF'S FORCE

Sherlock Holmes would have thought himself an uncrowned king with all the appurtenances of that high dignity had he the fortune which may come to the officers of the sheriff's department of Weber county shortly. The commissioners are in Christmas mood, and because the sheriff and his merry men are always on the alert for the wily bootlegger they are promising to buy them a nice new car, and a Hudson super-six at that, all closed in and cozy for the cold drives into Weber canyon in the winter time.

Perhaps Sheriff Peterson and his aids will be sorry to say goodbye to the shabby old car, for all that, as she has served them well on many a hard chase and chasing our old friend Charles E. Van Loan, "she" must look at, but when you put your foot on the gas she sure can pick up her skirts and go.

The community of Weber will hope that more prosperous looking methods of travel will not cause the department to linger longer in the chase for as with common men, so with sheriffs and police, prosperity is not always an aid to the best work.

JUDGE CALL FOR SUPREME BENCH

Citizens of Brigham City are asking that Judge Justin D. Call be appointed to fill the vacancy on the supreme bench, caused by the death of Justice William McCarthy.

Petitions are being circulated in Box Elder county for this purpose and politics is not being used as an issue in any manner. Members of the bar convened Monday for the purpose of passing a unanimous resolution endorsing Judge Call. The appointment rests with Governor Bamberger and as northern Utah has never been represented on the supreme bench, the voters of that section are going to demand recognition in this matter.

MRS. HICKMAN DEAD

One of North Ogden's earliest settlers died yesterday afternoon in the person of Minerva W. Hickman, widow of the late William A. Hickman, aged 90 years. General debility was the cause of her demise. Mrs. Hickman came to North Ogden 52 years ago with her husband, and was among the first to accept the doctrines of the L. D. S. church. Until a late age, she was a faithful worker in the Relief society. The decedent was born in New York and came to Utah in 1849.

Besides two sons, Warren W. and

C. L. MCKNIGHT IS STRUCK BY CAR

C. L. McKnight, freight traffic clerk at the union station, was struck by an automobile driven by C. F. Rudder, at 6 o'clock Monday evening, near Twenty-fifth and Lincoln, and was rendered unconscious for some time. The accident occurred as the result of an attempt to avoid a collision with another machine. Mr. McKnight was taken to a drug store and later to his apartments in the Broom hotel where he was attended by Dr. Conroy.

"MY SOLDIER GIRL" A MILITARY NOVELTY

Full of pleasing melodies and offering an amazingly lavish production, the military novelty "My Soldier Girl" will be presented at the Orpheum Christmas matinee and night and should live up to its phenomenal magnet for the play-goer when it appears here. The large cast of principles are the best to be had in the musical comedy field and the brigade of wonderful girls who can sing and dance make the audience wonder if the producers cornered all the pretty girls in the country. The action offers an interesting story with the first scene laid on the roof garden of the New York theatre, during the final rehearsal of a big musical spectacle. The second act changes to an aviation field at Miami, Fla., while the final act is laid on a battle field "Somewhere in France." There are nearly twenty big song successes including "My Soldier Girl," "Take Me Home With You," "Jasper's Ragtime Band," "Won't You Be My Beauty" and "Just For You." Adv.

AID RED CROSS SHOP

Bring your contributions to the Red Cross shop today. Christmas articles are almost completely sold out and demands for needle work, little boys' suits, dolls or anything are being made every minute of the day. The committee in charge is very grateful to those who have given so generously and have increased the funds for the Red Cross work to a great extent. However there is an opportunity to fill the shelves more if persons will bring the things they do not need to the shop in order that they may be disposed of.

UTAH SOLDIERS IN CASUALTIES

George E. Anderson, son of Mr. and Mrs. George Anderson of Lake Shore, Utah, died of wounds October 17, according to a message from the adjutant general's office. He had been wounded the previous day. Mr. Anderson, who was 30 years old, was born at Lake Shore. He left Spanish Fork in the draft contingent of June 24, last, going to Camp Lewis and later to Camp Kearny. He went to France last August. Mr. Anderson was a member of A company, 158th Infantry, on arriving in France being transferred to A company, 206th Infantry. He leaves his

parents and the following brothers and sisters: Thomas, James, Rupert, Edwin Anderson, Mrs. Jane Cone, Idaho; Mrs. George Evans, Mrs. William Evans, Garfield; Mrs. George Argyle, Helen, Esther and Etta Anderson, Lake Shore.

Lester Larsen, son of Bishop and Mrs. Lars P. Larsen of Spanish Fork, while not having been reported in casualty list, has not been heard from since September 15. A member of Mr. Larsen's company reported he had seen the Spanish Fork man since a fierce battle.

Iner C. Simpson, 629 Fourth East street, is with the army of occupation and somewhere on the Rhine. Several months ago he was slightly wounded, but was soon back in action. The casualty list issued Monday gave the name Ira Simpson, as wounded in action but the name of Iner Simpson appeared in the newspapers, causing some confusion.

ARREST PUGILIST

Lawrence Keough, who used to be well known in Ogden and the intermountain country as a pugilist some ten years ago evidently left the heavy fisted art for the company of the light fingered gentry, according to advices received yesterday stating that he has been arrested in Altoona, Pa., after a long and vigorous search made by the police of many cities.

COMMENDS PLAN OF SCHOOL EXTENSION

SALT LAKE, Dec. 24.—Some reasons in justification of the proposed program for extending public school education in Utah were presented yesterday to Dr. E. G. Gowans, state superintendent of public instruction, by Professor I. B. Ball, state supervisor of agricultural education. Professor Ball also makes a comparison between the regulations enforced in England and France with those proposed in this state. The comparison shows Utah's proposed plan is much less strict in its requirements than in the countries designated where school regulations are largely the outgrowth of war conditions.

First, Professor Ball gives reasons for raising the compulsory school attendance law age to 18 years, during at least 144 hours in the year, which is four hours per week of thirty-six weeks, in either a regular high school, a part-time or an evening school, in England the minimum requirement is 320 hours and in France it is 300 hours.

Features of educational work in a few other states are given in the compilation submitted to Dr. Gowans and the subject of attendance in some of Utah's leading cities, together with the physical conditions found among pupils, receives discursive treatment.

WILL MAKE LEGAL BATTLE FOR SON

SALT LAKE, Dec. 24.—Defeated in her efforts to get custody of her son, Frank F. Wheelhouse, by strategy, Mrs. Florence Soules now proposes to make a legal battle for him. She so announced yesterday.

Brought back from her home in Nevada with the boy, Mrs. Soules yielded him to his grandmother and so escaped punishment for contempt of the order of the court giving custody of the child to the father at the time his parents were divorced. Likewise prosecution was halted of the charge of kidnapping filed against her when it was found last Wednesday that she had whisked the child away to her home in Nevada after getting permission from his grandmother to take him down town and buy him some Christmas presents.

Since being divorced, Mrs. Soules has married again. The father of the boy, Bertram H. Wheelhouse, is in the army, having left the boy with the grandmother when he was drafted.

PROVO SOLDIERS RETURNING HOME

PROVO, Dec. 23.—Among the soldiers returned to Provo with honorable releases from service are the following: Glenn W. Field, son of Mrs. J. C. Snow, who was in the aviation service about eighteen months and has been stationed in England about

a year, and Clyde Singleton of the New Century Printing company. Mr. Singleton has been at Fort Logan, Colo., about three months for training in limited service work.

Ralph Archbold, who has been a member of the Camp Lewis band, arrived Saturday. Yesterday a daughter arrived at the Archbold home to welcome her father.

Lieutenant Leland J. Farrer is home from Camp Zachary Taylor, Louisville, Ky., where he had attended an officers' training school for the past four months.

Lieutenant R. R. Ratcliffe, son of Mr. and Mrs. William Ratcliffe, who has been stationed at Camp Lewis, Wash., for school for a year, also has returned.

TINGEY FUNERAL FIXED FOR TODAY

SALT LAKE, Dec. 24.—Funeral services for Mrs. Sarah Ann Tingley, wife of Franklin S. Tingley, assistant superintendent of the Z. C. M. I., and bishop of the Seventeenth ward, will be held in the Seventeenth ward chapel at 1 p. m. today. The body will lie in state at the family residence, 129 North Second West street, from 10 until 12 p. m. today. Interment will be in City cemetery.

Mrs. Tingley was a native of South Wales and came to Utah thirty-one years ago. Surviving her are her husband and the following children: Mrs. J. Berkley Larsen of Shelley, Idaho; Mrs. Frank Barnes, Mrs. Frank B. Matheson, Allan S. Tingley, Stanley J. Tingley, Henry B. and Theresa Tingley, all of Salt Lake. A sister, Mrs. E. J. Bell, and one brother, Henry J. Bywater, and five grandchildren, also survive her.

UTAH INDUSTRIES NOTE AN ADVANCE

A general average increase of 16 per cent is noted in all Utah industries, according to estimates issued yesterday by the Bradstreet company. A 21 per cent increase is attributed to department stores; auto tires and accessories, 35 to 45 per cent; 16 to 20 per cent in hardware; 15 per cent in drugs. Groceries and manufacturing show little change. National bank earnings throughout the country show an average gain of 2 per cent, according to the report.

HURTS PROVE FATAL TO MIDVALE YOUTH

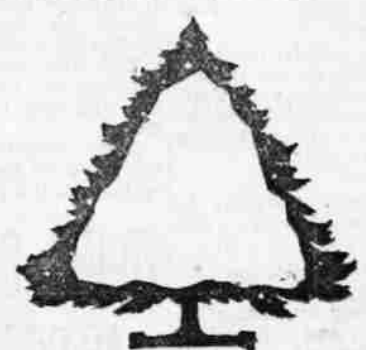

SALT LAKE, Dec. 23.—Succumbing to injuries received in a steam cell explosion at the factory of the Utah-Idaho Sugar company at Midvale late Sunday night, LeGrande Winger, 18-year-old son of Mr. and Mrs. H. D. Winger, 811 West First South street, died in a local hospital early yesterday morning.

The boy had been employed at the factory for about a month and was expected to return to school at the B. Y. university at Provo shortly after the first of the year. Officials of the company assert that the boy failed to shut the steam as ordered before releasing the lock on the cell door, with the result that the cell door burst open, covering him with live steam and scalding him from head to foot. He was brought to the hospital by Dr. J. S. Alley of Midvale, but died five hours later.
